Te Whare Wānanga o Awanuiārangi

Wai Ora (Kaupae 4)

Become an 'eco warrior' and learn how to initiate change to benefit whanau, hapu and iwi. Graduates will have skills and knowledge in mātauranga Māori and contemporary science. They will be able to identify rawa wai and understand how to apply sustainability practices to coastal and freshwater bodies within local communities to support and guide current and future generations.

Dates

2 Feb - 21 June 2026

Location

Available nationally
based on demand

Duration

20 weeks

Fees

Tuition fees free

What you'll learn:

Study of rawa wai, whakapapa and tikanga of wai in your area; apply contemporary and Māori theories to protect ecosystems; build leadership in environmental stewardship; mātauranga Māori and environmental management; water resource planning and sustainable use to support future generations; fieldwork, data collection, analysis and reporting; customary and commercial rights, interests, and responsibilities of marae, hapū and iwi; leadership and community engagement in conservation projects.
